PRODUCT SPECIFICATION

Quote: XXX-RPPMMDDYY- X
CAD: RPXXXXXXXX

Item Description

RPP-__X __
RPP – rp Pedestal
__X__ – Height x Width

Description:

The *rp Visual Solutions' rpp Pedestal* is a Free Standing connected pedestal(s) to hold selected manufacture cube display(s). It is comprised of 45mm x 45mm Bosch Based Aluminum with leveling feet with +/- 2" Adjustment and/or casters.

Optional accessories are latching front doors for service access and rack rails to hold equipment. Optional Cladding is MDF (Multi-density Fiberboard) in choice of colors or wood laminate on front, back, and/or sides.

Guidelines:

- The *rpp Pedestal* Frame Structure shall be manufactured by rp Visual Solutions. The *rpp Pedestal* shall be a 100% custom design, freestanding apparatus, fully supported from the ground up according to the custom designed specifications.
- The RPP-__X __ will be a __ x __ pedestal *rpp Pedestal* to hold __ x __ ----- Cubes. All dimensions are outlined in our "First-off" Feasibility CAD.
- This unit, as quoted, shall be of an open frame design with cladding options. It will be designed up for optimal viewing by the viewer/operator.
- Optional adjustment system to allow for precise image adjustments and serviceability.

Design & Documentation:

- High quality, detailed CAD drawings generated for pre-construction approval.
- Drawings are catalogued by serial number for each unit to allow low-cost refurbishment, upgrades or re-fit.
- Detailed, easy-to-follow assembly instructions included with each unit.

Construction:

- Self supporting structure based composed of 45mm x 45mm Bosch Based Aluminum Extrusion.

Innovative Visual Displays Tailored To Fit Your Needs

- EZ-Level feet for precise screen alignment in multi-array applications can be easily and conveniently fastened to the facility to comply with any local structural attachment requirements.
- Optional Casters.
- “Fixbloc & T-bolt” assembling joinery without welded components for ease of installation.
- No special tools required to assemble. Pedestals can break down for shipping or be shipped as cubes for easier installation on sight.

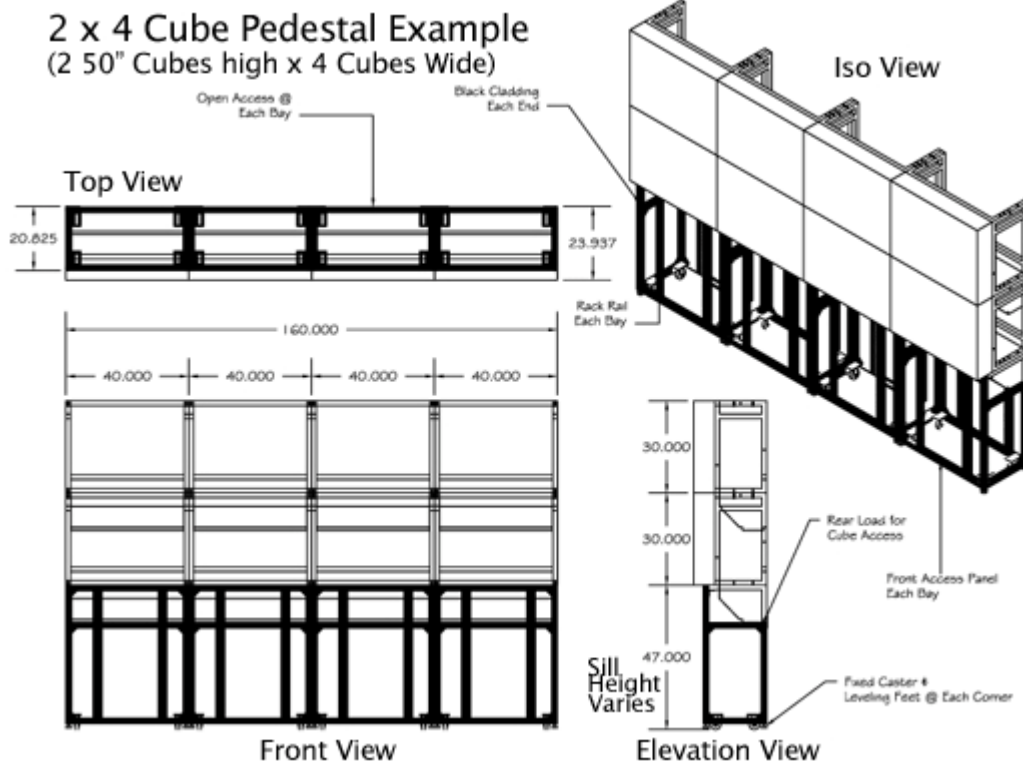

Rack Rails & Removable Front panels:

- Optional rack rails available.
- Optional laminate MDF cladding in color choices or optional wood veneer choices.
- Optional removable latch-panels for installation/service/rack access.

Factory Testing & Warranty:

- Each *rpp Pedestal* unit is factory tested with the cube specified. This test will ensure continuity of all seams over the entire wall structure. We conduct a documented “Satisfactory Performance” at our factory before any unit is approved for shipment. We invite you to attend in-person or via video-conference so we can show you first-hand how exacting our standards for quality are.
- The rp Visual Solutions’ *rpp Pedestal* Factory Warranty covers all parts and labor for one full year from Invoice date in mechanical structure.
