

CAMERA BOX

Recessed Camera Mount

FOR SINGLE OR DUAL CAMERA PTZ CAMERAS

The recess camera box holds a single or dual set of PTZ cameras to be mounted with a reduced depth and clean appearance.

- 3.825" recess allows for reduced in room depth of PTZ cameras.
- Ultra clean appearance with single piece welded and ground bezel, recessed and flush screws and fastener, and cavity space for transmitters and cabling.
- Available in black, white powder coat, or primer finish for on site painting.

Separate in wall box allows for preinstall during dirty construction.

Removable device mount plates allows for camera flexibility and future replacements and model changes

Oversized rear openings accommodate 2-gang box/cover plates.

Magnetic closure latch secures the display and rear AV equipment.
